Market Commentary:

The EGX30 remained flat as balanced trading still dominates closing slightly positive within the resistance zone 10900-11100 leaving everything in place. As we said, clearing the mentioned zone only will confirm the bull case, while being unable to clear or breaking below will keep bears in control.

Thus, we recommend to stay on cash till a confirmed buy signal is triggered.

Risk takers who decides holding their positons are advised to keep close stops placed and respected.
